## Nehemiah

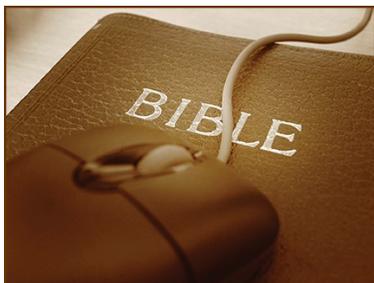

*Thomas Potgeiter*  
Sanctuary

This important Old Testament book covers the return to Jerusalem following the Babylonian exile. It is an account of God's faithfulness through Nehemiah's leadership in the rebuilding of Jerusalem's walls. Despite internal and external opposition, Nehemiah remains faithful to his calling and provides important practical life and faith lessons. Join us as we explore this important episode in redemptive history.

## Lock-down Lessons: Thinking Biblically About What We Learned About Technology

*Nate Wambold, Jim Rich, Wayne Shaw*  
Room 107

Now that we are headed back from the trials of the pandemic, our class will discuss our technological experience during the lockdown as well as explore the questions, "Where do we go from here?" and "How do we get there?" Join us as we think biblically about how to restart our in-person relationships, establish wise safeguards, and remain aware of the dangers that come with the use of technology and social media.

November 7 to December 12

## Philippians

*Wayne Shaw*  
Sanctuary

Paul was in prison in Rome when he wrote this powerful letter to the church at Philippi. It was where he had seen the conversion of Lydia, where he and Silas were flogged for driving out an evil spirit, where an earthquake opened the walls of the prison, and where the jailer had come to Christ and cared for his wounds. Paul had a special affection for this church. They had supported him when others did not. He powerfully proclaims to them the humility and exaltation of Christ, while exhorting them to press forward in the goal of standing firm in the faith—a message we, too, need to hear.

## Doctrine of Scripture

*Jim Rich*  
Room 107

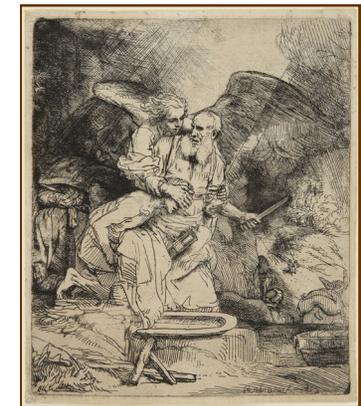

According to John Calvin, Scripture "obtains the same complete credit and authority with believers, when they are satisfied of its divine origin, as if they heard the very words pronounced by God himself." Our class will look at the Bible's unique nature: its inspiration, inerrancy, authority, and sufficiency, so that we will have a firm foundation for how we think and live.

January 2 to February 13

## Life of Abraham

*Greg Fisher*  
Sanctuary

As a key figure in redemptive history, Abraham, the father of faith, provides pivotal lessons for how we should trust God in the light of his promises and providential leading. Join us as we delve deeper into this father of the faithful, who came to experience justification by faith.

## Healthy Mental Health

*Mark Boorse & Jess Fenchel*  
Room 107

As image-bearers of God, we have material and immaterial aspects of our being and nature. Sadly, every element of who we are as humans has been impacted by the fall. Yet we can enjoy a truly meaningful measure of mental health when approached in ways that are rooted in biblical truth. Join us for an insightful exploration of this important but often neglected topic.
